

STREET LIGHTING

I. AVAILABILITY

This rate is available to municipalities, road lighting districts, or others who contract for the operation of street lighting systems in incorporated cities, unincorporated communities, recognized subdivisions, or areas immediately adjacent thereto for the lighting of public streets, roads, and thoroughfares, subject to the Standard Terms and Conditions for Electric Service of the Cooperative. This rate is not available for rural and private area lighting.

II. TYPE OF SERVICE

Unmetered mercury vapor or equivalent lighting service from dusk to dawn, approximately 4000 hours per year. Cooperative shall furnish lamp renewals and install same. All necessary service and maintenance shall be furnished by the Cooperative during the regular working hours of the Cooperative.

In case the Cooperative shall at any time or times be prevented from delivering electric energy hereunder by causes beyond its control, it shall not be liable in damages to any governing body, firm or corporation.

III. MINIMUM

A minimum of ten lamps must be used to qualify for this rate.

IV. RATE PER LIGHT PER MONTH:

		P.C.A. <u>Based on</u>
100-Watt High Pressure Sodium Lamp	\$3.90	45 kWh
175-Watt Mercury Vapor Lamp	\$3.90	74 kWh
250-Watt High Pressure Sodium Lamp	\$6.40	106 kWh
400-Watt Mercury Vapor Lamp	\$6.65	159 kWh

Effective Date: 07/11/2008

Supersedes: #9 06/01/2000

Authority: Order No. U-30455

## V. ADDITIONAL FACILITIES CHARGE:

Where the Cooperative is required to furnish service to metal, concrete or fiberglass poles, the following rate will apply:

Rate per Light per Month:

		P.C.A. <u>Based on</u>
100-Watt High Pressure Sodium Lamp	\$4.90	45 kWh
175-Watt Mercury Vapor Lamp	\$4.90	74 kWh
250-Watt High Pressure Sodium Lamp	\$7.40	106 kWh
400-Watt Mercury Vapor Lamp	\$7.65	159 kWh

Where the Cooperative is required to furnish underground service to metal, concrete or fiberglass poles:

		P.C.A. <u>Based on</u>
100-Watt High Pressure Sodium Lamp	\$5.90	45 kWh
175-Watt Mercury Vapor Lamp	\$5.90	74 kWh
250-Watt High Pressure Sodium Lamp	\$8.15	106 kWh
400-Watt Mercury Vapor Lamp	\$8.40	159 kWh

## VI. POWER COST ADJUSTMENT

The above charges shall be increased as Adjustment determined under Power Cost Clause PCA-WST.

## VII. TAXES

All sales taxes or other taxes levied on the sale of electric power by any governmental authority shall be added to the above rate schedule in accordance with the applicable laws.

## VIII. TERMS OF PAYMENT

The above rates are net, the gross rates being 5% higher on the bill. In the event the current monthly bill is not paid within twenty (20) days from the date of the bill, the gross rates shall apply.
