Rate Rider – TOD

Revision: #1

Effective Date: 07/06/2005

Supersedes: TOD 06/01/1993

Authority: LPSC Letter Date: 07/06/2005

RIDER TOD TO RATE SCHEDULE LP-3I. AVAILABILITY

This rider is offered as an option to the demand charge of Rate Schedule LP-3. The energy charge shall remain as specified in Rate Schedule LP-3. The consumer shall be required to enter into a 12-month service contract to receive service under this Rider. During the contract period the rate, as specified below, shall apply. Application of this rider does not require or prevent the application of other available rider(s).

II. MONTHLY CHARGES

Monthly Service Charge \$30.00

Demand Charges:

For service under this Rider, the Demand Charge of Rate Schedule LP-3 shall be replaced by the greater of:

OFF-PEAK Demand Charge:

\$ 3.50 per kW of OFF-PEAK billing demand

OR

ON-PEAK Demand Charge:

\$21.50 per kW of ON-PEAK billing demand

OR

The MINIMUM DEMAND CHARGE specified below.

The energy charge shall be as specified in Rate Schedule LP-3.

III. DETERMINATION OF BILLING DEMAND

1. For the Months of June, July, August and September:

ON-PEAK billing demand shall be the maximum kilowatt demand established by the consumer for any period of fifteen consecutive minutes during the period 1:00 p.m. to 9:00 p.m. during the month for which the bill is rendered as indicated or recorded by a demand meter and adjusted for power factor as described in Rate Schedule LP-3. The peak period (1:00p.m. - 9:00 p.m.) is subject to change with regulatory approval.

2. For the months October through May:
ON-PEAK billing demand shall be zero (0).

3. For the months of June, July, August and September:

OFF-PEAK billing demand shall be the maximum kilowatt demand established by the consumer for any period of fifteen consecutive minutes during the period 9:01 p.m. to 12:59 p.m. during the month for which the bill is rendered as indicated or recorded by a demand meter and adjusted for power factor as described below.

4. For the months October through May:

OFF-PEAK billing demand shall be the maximum kilowatt demand established by the consumer for any period of fifteen consecutive minutes during the month for which the bill is rendered as indicated or recorded by a demand meter and adjusted for power factor as described in Rate Schedule LP-3

IV. MINIMUM BILLING DEMAND CHARGE

The Minimum Billing Demand Charge shall be the OFF-PEAK Demand Charge (\$3.50per kW) applied to 80% of the maximum OFF-PEAK demand established during the preceding eleven (11) months.
